

TURKEY RATIIONS

**24%-28% Turkey Starter
(First 8 weeks)**

**21%-22% Turkey Grower
(9 through 16 weeks)**

**16%-17% Turkey Finisher
(17 weeks to slaughter)**

HELPFUL HINTS
Feed and Water at once on arrival.
Raise Turkeys apart from chickens for disease prevention. Turkeys starting are more sensitive to temperature and drafts, however, most growing recommendations for chicks also apply to turkeys.
